

Victoria Vorderwülbecke

Final-Year Medical Student | Digital Health & Clinical Research

📍 Munich, Germany | 🌐 victoriavdwb.github.io | ✉️ victoria.vdwb@outlook.com

Profile

Final-year medical student completing the German State Examination in November 2026, leading to German medical licensure (Approbation), with a level of medical qualification comparable to UK foundation Year 2 (F2). Broad clinical experience across Germany and Switzerland, complemented by doctoral research in digital health and endocrinology. Passionate about empathetic communication, teaching, and translating real-world clinical needs into practical digital solutions. Particularly interested in using AI to reduce documentation burden while integrating safely and intuitively into clinical workflows.

Digital Health & Research

Doctoral Researcher — Digital Health & Endocrinology Jul 2024 – Present
TU Dresden

- Conducting a longitudinal study on hybrid closed-loop (HCL) systems in Type 1 diabetes, evaluating their impact on glycaemic control and therapy quality.
- Analysing clinical data across seven time points spanning 9 months pre- to post-transition from continuous subcutaneous insulin infusion (CSII) to HCL therapy.
- Assessing Time in Range, HbA1c, mean glucose, and renal/liver parameters alongside patient-reported quality of life, linking technology-driven care to measurable patient benefit.

Clinical Experience

Internal Medicine — Practical Year Jun 2026 – Oct 2026
TUM Klinikum rechts der Isar, Munich

- Patient assessment, clinical documentation, and multidisciplinary care in a high-volume university hospital.
- Developed strong understanding of clinical workflows, documentation, and patient-centred care.
- Communicated complex medical information clearly and empathetically with patients and multidisciplinary teams.

Gynaecology & Obstetrics — Practical Year Mar 2026 – Jun 2026
Asklepios Klinik Barmbek, Hamburg

Surgery — Practical Year Nov 2025 – Mar 2026
Kantonsspital Luzern, Switzerland

Additional Clinical Rotations 2022 – 2024

- Paediatric Cardiology
- Anaesthesiology & Intensive Care
- Internal & Emergency Medicine
- Trauma Surgery
- Paediatrics

Education & Qualifications

Medicine — German State Examination 2021 – 2026
TU Dresden

- M2 (Second State Examination) Oct 2025
- M3 (Final State Examination) exp. Nov 2026
- Approbation (German Medical Licence) thereafter

Pre-Clinical Medicine 2019 – 2021
Semmelweis University, Budapest, Hungary

Skills & Languages

Clinical : Patient-centred communication · Clinical documentation · Multidisciplinary workflows · Knowledge transfer
Digital Health : Clinical workflow & data analysis · AI-enabled documentation · Digital health implementation
Languages : German (Native) · English (Fluent / Full professional proficiency) · French (B1)
Interests : Road cycling · Climbing · Mountaineering · Strength training · Photography
